

- ▶ **Powder coated body/base die cast aluminium, its toughness and modest cost make it ideal for OEM applications**
- ▶ **Optional powder coated mild steel guard**
- ▶ **Pneumatic version available, please refer to Airswitching section for details**
- ▶ **Customer colours and logos available on request**
- ▶ **Ideal for remote switching in harsh environmental conditions where durability is required**

Specifications	
Standards/approvals	footswitch: low voltage directive 2006(95/EC, EN 60950 microswitch: EN 61058-1, EN 61058
Degree of protection	EN 60529 IPX2, IPX7 (IPX8 upon request)
Connection method	Stripped cable cores or connector of your choice
Electrical rating	See table below
Contact configuration	See table below
Operating temperature range	-5° C to + 40° C
Body material	Die cast aluminium
Weight	See table below
Additional information	Cordset variations of each standard option are available (6254-DO and DA versions can be build with cordset)
